

Mission statement:

It is our common endeavour to create an environment in which those who are in need of special care, and those who provide it, can relate to each other as individuals rather than as professionals and clients. Thus we make room for creativity and personal fulfillment in the context of each person's privacy and spiritual freedom. In the way we live together, in the way we care for the land and in the things we create, we intend to uphold the ideals of Camphill, in which each contributes what they are able to, and receives in turn what they need.
